

Installing 5MCC—Fast Facts

Department of Biomedical Informatics, USUHS 3/22/2004

The current version of this material is available on the web at: <http://cim.usuhs.mil/pda/>

To download these items and install them on your HandEra PDA, you will need to complete three phases:

- ❑ Register at the site.
- ❑ Download and install the free application: *Reader*.
- ❑ Download and install *5 Minute Clinical Consult 2004 (5MCC)*.

It is strongly suggested that you perform these steps in this order. Unless you are experienced downloading and installing from the Internet, practice with the free Reader and then download and install the 5MCC reference that requires the Coupon Code.

Registration and Downloading

1. If you have not yet registered with Handheldmed, go to their website <http://www.handheldmed.com/> and click on SIGN UP. Follow the prompts for registration. After completing the registration process, a password will be sent to you via email. Use this password and your email address to Log On to our system.
2. Download the appropriate READER (Palm or Pocket PC) to your device. Save this to the hard drive of your computer.
3. Go to this web address: <https://secure.handheldmed.com/prodmore.php?PRID=244&VIEW=1>
4. Click on the "ADD TO CART" button.
5. Review order. Be sure that it has a "1" in the quantity box. If you have a quantity of more than 1, put a zero in the Qty field and hit the UPDATE QUANTITIES button and return to Step 3. If you have a 1 in the Qty field, choose "COUPON CHECKOUT".

If you are asked for a credit card number, you have pushed the wrong button. Use your back arrow to get to the screen that says "Coupon Checkout".

6. Enter your unique coupon number in the space provided. Each coupon can be used one time. Click ADD COUPON. If it does not say FREE and sub-total of \$0.00, hit your back arrow and try it again. Once it says FREE, click on "CONTINUE"
7. Review your account information. You will not be invoiced for this purchase because you are using a coupon, but do take the opportunity to be sure we have your account information entered correctly. Then click on "CONTINUE".
8. You should see the message, "You have purchase only free software products..."
9. Click the "DOWNLOAD MY SOFTWARE NOW" button.
10. Now click on the "DOWNLOAD" button below the book and the book will be downloaded to your PC. Make note of the directory that the download is going to on your PC. You can choose "Desktop" so that they will be easy to find.
11. Read agreement. If you agree, click "AGREE AND DOWNLOAD". When you see the "Download Complete" screen close it. You won't need to open these files until you have all of them downloaded.
12. Click "BACK TO DOWNLOAD LIST"
13. Repeat steps 11 - 13 for the image file of your choice.
14. After all the READER, book and images have been downloaded you are ready to "Hot Sync" or "Active Sync".

Installation - Palm Devices

1. Open your handheld desktop software and click on the "INSTALL" button.
2. Click "ADD". Locate the files that you just downloaded. Highlight the book title and click "OPEN". In the install window, you should now see the book you wish to download to your handheld device.
3. Click "DONE".
4. Click "OK".

Installation - PocketPC Devices

1. Place your handheld in its cradle.
2. You will need to start the Manage Titles application on your desktop computer. This will be in one of the two following Start Menu folders:

Start-> Programs-> EZ Reader-> Manage Titles

or

Start -> Programs -> Handheldmed Reader -> Manage Titles

3. Click the Browse button to find the location of the eBook that you wish to install by.
4. The name of the eBook should appear in the left side of the screen. Click the title once to select it.
5. Press the arrow in the upper left corner pointing to the right in order to copy it to the handheld device.
6. Your eBook should now be available in the Reader application on the device.

Registration

1. Go to your home page on your handheld device. Select the "Reader" Icon.
2. You should see all of your books.
3. Select the book title from your "Reader" list. Click "REGISTER". To receive your unlock code you can point your web browser to <http://www.handheldmed.com/registerbook.php> and enter the registration code that is displayed on your device and click "GET UNLOCK KEY". Now just put this information in the blank on your handheld device and hit the "UNLOCK" button.

If you run into any trouble don't hesitate to call us.

Thank You

Allison Pickell
